Symtac Pty Ltd is based in Moonee Ponds, Victoria, Australia. We are a consultancy based organisation, specialising in the following fields:

- 1** Safety, Security, and Emergency Management Compliance
- 2** Professional Law Enforcement Strategies & Solutions
- 3** Building Maintenance and Emergency Evacuation Map Development
- 4** Building Assessments and Building Code Compliance

Symtac Pty. Ltd. was established in the year 2000 and has been steadily growing since. At Symtac, we are able to assist with your current projects, by upgrading systems, to a compliant and professional standard. Our upgrades are also 'user friendly' that will allow all staff members to easily grasp system concepts. By having a 'user friendly' format that is easily understood, workplace risk is significantly reduced.

Maintenance Map & Emergency Evacuation Map Development for Buildings

We can develop a professionally designed map lay-out of your building based on your current building plans. We can plot internal domestic building systems, ESM systems, including evacuation pathways and assembly areas. These maps allow for ease of building maintenance and compliance work.

Safety, Security & Emergency Management Compliance

We can assist you with an overall management plan, or assist you with your specific workplace safety issues. The services that we can provide are,

- Planning
- Projects
- Training
- Procedure development
- Induction
- Equipment procurement
- Risk management
- House keeping reports

Professional Law Enforcement Strategies & Solutions

We can develop professional training programs in the following law enforcement fields,

- Prosecutors training program
- Investigation training for field staff (excluding private investigators)
- Operational and safety strategies in the field (excluding private investigators)
- Communication and information management for field officers (excluding private investigators)

Building Assessments & Building Code Compliance

We are able to issue your building with compliant building code documentation and building condition reports. These reports allow the building to be brought up to a safe condition, allowing for savings on building insurance or flexibility in the use of the building.

We are here to help you achieve you workplace goals, and to assist you with developing a safer and happier workplace environment.
